

FLEXIBLE STUDY OPTIONS

study when you want, where you want and at your own pace

Many of us have busy lifestyles juggling family and/or work commitments. The Real Estate Training Academy understands this and that's why we offer flexible study options. Our aim is to offer a flexible training plan that suits you or your business.

CHOOSE YOUR STUDY OPTION

Students can choose to study: a) Distance (self-paced) study only; b) Distance with attending Day classes; or c) Distance with attending Night classes. Attending classes is not compulsory and assessments can be completed in your own time.

Should you need support, our qualified and experienced trainers are available by phone, email or for face-to-face discussions.

DO YOU PREFER ATTENDING CLASSES?

DAY CLASSES

If interacting with a qualified trainer and class-mates suits your learning style then you can select our day class option.

Day classes are arranged in Clusters that relate to specific work functions. You can choose what classes to attend.

Miss a class? Don't worry, as they cycle regularly.

NIGHT CLASSES

Want to participate in interactive classes but are busy during the day? Then you can select our night class option.

Night classes are arranged in Clusters that relate to specific work functions. You can choose what classes to attend.

If you miss a class you can attend the next rotation of classes.
