## **ABOUT THE REAL ESTATE TRAINING ACADEMY**

The Real Estate Training Academy is a registered training organisation based in Walkerville, South Australia.

Its founder and CEO George Ganter has a passion for real estate and training. After an extensive career in real estate and in delivering training George decided to establish the Real Estate Training Academy.

Real Estate Training Academy delivers nationally accredited real estate qualifications through highly flexible study options. Our students include new entrants into real estate as well as real estate employees. Our reputation is growing as being a student-focussed training organisation offering high levels of service, expertise and professionalism.

We build relationships with our students that go beyond obtaining a qualification. This includes guiding students towards their aspirations of working in real estate. Students are also offered mentoring and support from the time they enrol to after graduation.

Our goal is to be the leading provider of accredited Real Estate training in South Australia, and our flexible study options as well as our comprehensive resources is a big step in that direction. We aim to maximise our students potential towards their career in real estate.

Contact George to discuss how we can assist you to begin your journey in a career in real estate.
